

**College of Education and Behavioral Science
Advanced Programs Assessment Committee (APAC)**

Meeting Agenda

Friday, November 17, 2023

10:00 AM – 11:00 PM

Ed Leadership Bldg. Rm 216

<https://astatecall.zoom.us/j/95030996030>

Attendees: Karen Graham, Lance Bryant, Joan Henley, Rob Williams, Alicia Shaw (proxied by Rob Williams), Wayne Wilkinson, Allison Paolini

- Approval of Previous Meeting Minutes: motion by Rob, 2nd by Lance
- CAEP news or concerns: Wayne – Advanced programs appear to have to have a pedagogy assessment; maybe APAC develop a unit wide pedagogy assessment; at next CAEPcon ask for clarification and an example; maybe by next October have a plan in place
- Annual Report with Head of Unit Responses – Chart – discussion and dissemination of responsibilities to address Dr. Bradley’s concerns
Reading needs to find a place in their programs for the mentors to use the EDA to evaluate the candidates
Dixie asked about the MOUs: reading does not have MOUs
We (Audrey and others) are working on streamling MOUs so that districts don’t get one for initial program and one for advanced programs
- Rob gave an update and shared info from the Employer Satisfaction and Completer Satisfaction focus groups – both set of constituents were satisfied with the programs preparation, but both also had good suggestions and feedback; a copy of the focus group reports were sent to all program directors

**College of Education and Behavioral Science
Advanced Programs Assessment Committee (APAC)**

- EPP Assessment Day Initial Report, Fall 2022: Date? – moved to January to discuss and prepare data for CAEP self-study report
- EPP Assessment Day Multi Year Data Report, Spring 2023: new data; will need recommendations for Annual Report to the Head of Unit
- For December: Key Assessments Data will be Collected, Analyzed and Entered into Live Text
- Allison asked about overloads during the summer for their program. Who would teach those courses since we aren't allowed to do overloads. Rob updated from faculty senate that the new provost is not opposed to overloads for AOS; it was suggested that she talk with Chris Boothman at AOS for updated info on that policy.
- Future Meeting dates all at 10:00 am in Room 216 at this time

No December meeting

February 9

March 1

An April meeting date will be determined at later time if it is deemed necessary.
