Assessment

Assessment Plan Modifications (Course Modifications Only)

18. **YES** Do the proposed modifications result in a change to the assessment plan?

If yes, please complete the Assessment section of the proposal

Relationship with Current Program-Level Assessment Process (Course modifications skip this section unless the answer to #18 is "Yes")

19. What is/are the intended program-level learning outcome/s for students enrolled in this course? Where will this course fit into an already existing program assessment process?

AVMA Standards

1. Comprehensive patient diagnosis (problem solving skills), appropriate use of clinical laboratory testing, and record management;
2. Comprehensive treatment planning including patient referral when indicated;
3. Anesthesia and pain management, patient welfare;
4. Basic surgery skills, experience, and case management;
5. Basic medicine skills, experience and case management;
6. Emergency and intensive care case management;
7. Health promotion, disease prevention/biosecurity, zoonosis, and food safety;
8. Client communications and ethical conduct; and
9. Critical analysis of new information and research findings relevant to veterinary medicine

- c. Considering the indicated program-level learning outcome/s (from question #19), please fill out the following table to show how and where this course fits into the program's continuous improvement assessment process.

For further assistance, please see the 'Expanded Instructions' document available on the UCC - Forms website for guidance, or contact the Office of Assessment at 870-972-2989.

Comprehensively, the Doctor of Veterinary Medicine program will be assessed through successful completion of licensure/board examinations. Formatively, this program's assessment plan will be constructed by the school's Dean and faculty with the assistance of the Office of Assessment and Accreditation.

|----------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Program-Level Outcome 1 (from question #19) | Type outcome here. What do you want students to think, know, or do when they have completed the course? |
| Assessment Measure | Please include direct and indirect assessment measure for outcome. |
| Assessment Timetable | What semesters, and how often, is the outcome assessed? |
| Who is responsible for assessing and reporting on the results? | Who (person, position title, or internal committee) is responsible for assessing, evaluating, and analyzing results, and developing action plans? |

(Repeat if this new course will support additional program-level outcomes)

Course-Level Outcomes

21. What are the course-level outcomes for students enrolled in this course and the associated assessment measures?

By the end of this course, students will be able to:

1. Demonstrate an understanding of proper nutrition, including nutrient requirements, of dogs, cats, horses, dairy and beef cattle, dairy calves, sheep, pigs, goats, and poultry.
2. Perform calculations related to energy requirements in small and large animals, and dry matter intake in large animals.
3. Describe nutritionally related diseases and/or problems of dogs, cats, horses, dairy and beef cattle, dairy calves, sheep, pigs, goats, and poultry.
4. Explain how to properly perform body condition scoring in dogs, cats, horses, dairy and beef cattle, and sheep.
5. Identify common large animal feedstuffs.
6. Explain the components measured in analyses of large animal feedstuffs and discuss how these components are used to evaluate/formulate rations.
7. Identify major small ruminant, horse, dairy and beef cattle breeds, and explain how breed may impact nutritional needs/requirements, feed efficiency, or risk of metabolic diseases.

The course outcomes described above will be measured by direct means such as written exams and rubrics (assessing papers, presentations, oral exams, etc.) Final measurement instruments will be determined by course faculty.
